1. LEGISLATIVE CONTEXT

- 1.1 This Policy is mandated by Section 3 of the Local Government: Municipal Property Rates Act, 2004 (No.6 of 2004), which specifically provides that a Municipal must adopt a Rates Policy.
- 1.2 In terms section 5(1) of the act supra the municipality must annually during its budget process review its Rates Policy and if necessary amend the policy. The amended policy must accompany the annual budget when it is tabled and follow a process of community participation through the budget process.
- 1.3 Now therefore the following amended Rates Policy is tabled for adoption by Council and community comments.
- 1.3 In terms of Section 229 of the Constitution of the Republic of South Africa, 1996 (No.108 of 1996), a Municipality may impose rates on property.
- 1.4 In terms of the Local Government: Municipal Property Rates Act, 2004 (No.6 of 2004) a municipality in accordance with –
 - (a) Section 2(1), may levy a rate on property in its area; and
 - (b) Section 2(3), must exercise its power to levy a rate on property subject to-
 - i) Section 229 and any other applicable provisions of the Constitution;
 - ii) The provisions of the Property Rates Act; and
 - iii) The rates policy.
- 1.5 In terms of Section 4(1)(c) of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), the municipality has the right to finance the affairs of the municipality by imposing, *inter alia*. rates on property.
- 1.6 In terms of Section 62(1)(f)(ii) of Local Government: Municipal Finance Management Act, 2003 (No. 6 of 2003) the Municipal Manager must ensure that the municipality has implement a rates policy.

2. OBJECTIVES

In developing and adopting this rates policy, the council has sought to give effect to the sentiments expressed in the preamble of the Property Rates Act, namely that:

The Constitution enjoins local government to be developmental in nature, in addressing the service delivery priorities of our country and promoting the economic and financial viability of our municipalities;

There is a need to provide local government with access to a sufficient and buoyant source of revenue necessary to fulfil its developmental responsibilities;

Revenues derived from property rates represent a critical source of income for municipalities to achieve their constitutional objectives, especially in areas neglected in the past because of racially discriminatory legislation and practices and;

it is essential that municipalities exercise their power to impose rates within a statutory framework which enhances certainty, uniformity and simplicity across the nation, and which takes account of historical imbalances and the burden of rates on the poor.

In applying its rates policy, the council shall adhere to all the requirements of the Property Rates Act No. 6 of 2004 including any regulations promulgated in terms of the said Act.

The objectives of this policy are also to ensure that:

- all ratepayers within a specific category are treated equal and reasonable;
- all rates levied are affordable; in dealing with the poor/indigent ratepayers the municipality will provide relief measures through exemptions, reductions or rebates;
- rates are levied in accordance with the market value of the property as determined through a valuation;
- the rate will be based on the value of all rateable property in that category and the amount required by the municipality to balance the operational budget, taking into account the surplus obtained from the trading- and economical services and the amounts required to finance exemptions, reductions and rebates that the municipality may approve from time to time;
- income derived from rates will be used to finance community- and subsidised services only;
- to optimally safeguard the income base of the municipality through exemptions, reductions and rebates that are reasonable and affordable taking into account the poor / indigent ratepayers.

In order to minimize major shocks to certain ratepayers the market values in the new valuation roll or tariffs determined by Council may be phased-in over the entire periods as stipulated in the Rates Act to adhere to the legal requirements of the Property Rates Act (Act 6/2004).

4. PURPOSE OF THE POLICY

The purposes of the policy are to:

- (1) Comply with the provisions section 3 of the Act.
- (2) Determine criteria to be applied for-
 - a) the levying of differential rates for different categories of properties;
 - b) exemptions;
 - c) grants and rebates; and
 - d) rate increases.
- (3) Determine or provide criteria for the determination of: -
 - a) categories of properties for the purpose of levying different rates; and
 - b) categories of owners of properties for the purpose for the granting of exemptions, rebates and reductions.
- (4) Determine how the municipality’s powers must be exercised in relation to multi-purpose properties.
- (5) Identify and provide reasons for
 - a) exemptions, rebates and reductions;
 - b) exclusions; and
 - c) rates on properties that must be phased in.
- (6) Take into account the effect of rates on the poor.
- (7) Take into account the effect of rates on organisations conducting specified public benefit activities and registered in terms of the Income Tax Act for tax exemptions because of those activities, in the case of property owned and used by such organisations for those activities.
- (8) Take into account the effect of rates on public service infrastructure.
- (9) Determine measures to promote local economic and social development.
- (10) Identify all rateable property that is not rated.

5. POLICY PRINCIPLES

- 5.1 Rates are levied in accordance with the Act as an amount in the rand based on the market value of all rateable property contained in the municipality's valuation roll and supplementary valuation roll.
- 5.2 As allowed for in the Act, the Municipality has chosen to differentiate between various categories of property and categories of owners of property. Some categories of property and categories of owners are granted relief from rates. The municipality however does not grant relief in respect of payments for rates to any category of owners or properties, or to owners of properties on an individual basis, other than by way of an exemption, rebate or reduction provided for in this policy.
- 5.3 There would be no phasing in of rates based on the new valuation roll, except as prescribed by legislation.
- 5.4 The rates policy for the municipality is based on the following principles:
- (a) Equity
The municipality will treat all ratepayers with similar properties the same.
 - (b) Affordability
The ability of a person to pay rates will be taken into account by the municipality. In dealing with the poor / indigent ratepayers the municipality will provide relief measures through exemptions, reduction or rebates.
 - (c) Sustainability
Rating of property will be implemented in a way that:
 - i) it supports sustainable local government by providing a stable a buoyant revenue source within the discretionary control of the municipality; and
 - ii) support local social economic development.
 - (d) Cost efficiency
Rates will be based on the value of all rateable property and the amount required by the municipality to balance the operating budget after taking into account profits generated on trading (water, electricity) and economic (refuse removal, sewerage removal) services and the amounts required to finance exemptions, rebate reduction and phasing-in of rates as approved by the municipality from time to time.

6. SCOPE OF THE POLICY

This policy document guides the annual setting (or revision) of property rates.

It does not make specific property rates proposals. Details pertaining to the applications of the various property rates are published in the Provincial Gazette and the Municipality's schedule of tariffs, which must be read in conjunction with this policy.

7. APPLICATION OF THE POLICY

In imposing the rate in the rand for each annual operating budget component, the Municipality shall grant exemptions, rebates and reductions to the categories of properties and categories of owners as allowed for in this policy document.

8. CATEGORIES OF PROPERTY

- 8.1 Criteria for determining categories of properties for the purpose of levying different rates and for the purpose of granting exemptions will be according to:
- (a) the use of the property;
 - (b) the permitted use of the property or;
 - (c) the geographical area in which the property is situated
- 8.2 The municipal valuator of the Swellendam Municipality will be responsible for the categorising of the properties and the maintenance thereof, and any change in the actual use of the property, may result in the change of categories.
- 8.3 Categories of property for the municipality include-
- (a) resident properties;
 - (b) industrial properties;
 - (c) business and commercial properties;
 - (d) agricultural properties;
 - (e) government properties;
 - (f) mining properties;
 - (g) municipal properties;
 - (h) private open space;
 - (i) private road;
 - (j) properties owned by an organ of state and used for public service purposes;
 - (k) protected areas;
 - (l) public service infrastructure properties;
 - (m) public worship;
 - (n) properties owned by public benefit organisations and used for specified public benefit activities;
 - (o) properties used for multiple purposes, subject to section 10;
 - (p) Vacant land
 - (q) Any other category as may be determined by the Minister, with the concurrence of the Minister of Finance, by notice in the Gazette.

9. CATEGORIES OF OWNERS

Criteria for determining categories of owners of properties, for the purpose of granting exemptions, rebates and reductions will be according to the-

- (a) indigent status of the owner of a property as determined by the income level of the owner;
- (b) limited income of owners of a property who are pensioners or dependant on social grants;
- (c) owners of property situated within an area affected by-
 - i. a disaster within the meaning of the Disaster Management Act, 2002 (Act No. 57 of 2002); or
 - ii. any other serious adverse social or economic conditions;
- (d) owners of residential properties with a market value below a determined threshold; (or)
- (e) owners of agricultural properties who are bona fide farmers

10. PROPERTIES USED FOR MULTIPLE PURPOSES

Properties used for multiple purposes may be categorized as follows for rating purpose:

- (i) by apportioning the market value of a property to the different purposes for which the property is used as determined in item 8 (categories of properties) above
- (ii) Applying the relevant cent amount in the rand to the corresponding apportioned market value.

If the market value of the property can be apportioned, each portion must be categorized according to its individual use as determined in item 8 and /or 9 above. If the market value of the property cannot be apportioned to its various use purpose, then such property must be categorized in terms of the dominant use of the property.

In terms of section 7 of the MPRA the Municipality will not levy property rates on-

- (i) properties of which the municipality is the owner:
- (ii) Public Service Infrastructure owned by a municipality entity
- (iii) Leased Municipal Properties with a nominal value and/or portions of commonage property where it is not practical to levy property rates.

11. CLASSIFICATION OF SERVICES AND EXPENDITURE

The Chief Financial Officer shall, subject to the guidelines provided by the Legislation and the Executive Mayor, provide for the classification of services as outlined in the Municipality's annual budget into trading and economic services.

12. LEVYING OF RATES

- (1) Liability for rates by property owners:

Rates levied by a municipality on a property must be paid by the owner of the property, subject to section 9 of the Municipal Systems Act.

Joint owners are jointly and severally liable for the amount due for rates on that property. In a case of agricultural property owned by more than one owner in undivided shares where the holding of such undivided shares was allowed before the commencement of the subdivision of the Agricultural Land Act (Act 70 of 1970) the municipality may consider the following options for determining the liability for rates: If the joint owners are all available, the issue of who is liable for rates will be dealt with in the context of whether they have entered into an agreement or not regarding payment of rates liabilities.

Where the joint owners have a written agreement that a specific joint owner is liable for all the rates, the municipality will hold such a joint owner liable in respect of all the rates. A certified copy of the agreement must be submitted to the municipality.

Where there is no agreement, the municipality will hold anyone of the joint owners responsible for the whole property or hold any joint owner only liable for his undivided share

- (ii) If the joint owners are not traceable with the exception of one joint owner and such joint owner is occupying or using the entire property or a significant larger portion the municipality will hold that joint owner liable for the total rates bill.
- (iii) If the traceable joint owner is only using or occupying a small portion of the entire property, the municipality will hold that joint owner only responsible for his own undivided share in that property.

- (2) Method and time of payment:

The municipality will recover the rate levied in periodic instalments of equal amounts in twelve months. The monthly instalment is payable on or before the day determined by Council for payment of services, following the month in which it has been levied. Interest will be charged at 1% above the prime interest rate for any late payments received.

(3) Annual Payment Arrangements

By prior arrangement with the municipality the rate may be paid in a single amount before 30 September of the year it is levied in, however, application must be submitted before 31 May prior to the financial year of implementation of the arrangement.

(i) Recovery of arrear rates from owner

As soon as the annual rates becomes overdue or the monthly rates have been raised for the remaining months in the financial year, an overdue notice must be issued on the owner at the address selected by the owner. If there is no response from the owner, a further overdue notice should be served at the property with a rider that the services to the property will be terminated within a reasonable period, the minimum being 30 days, should the rates not be paid or satisfactory arrangements made.

This notice should enquire whether the occupier is paying rent and other monies to an agent of the owner and the state that the municipality can, legally, attach the net payment. (i.e. gross receipts by the agent less commission due to the agent on those gross receipts) due to the owner by the agent to settle the arrears. Should the tenant refuse to co-operate, the services should be disconnected and the other debt management actions implemented

(ii) Recovery of arrear rates from tenants, occupiers and agents

If an amount due for rates levied in respect of a property is unpaid after the day determined, the municipality may recover the amount in whole or in part from a tenant or occupier of the property. The amount the municipality might recover from the tenant or occupier of the property is limited to the amount of the rent or other money due and payable by the tenant or occupier to the owner of the property. Any amount the municipality recovers from the tenant or occupier of the property may be set off, by the tenant or occupier, against any money owed by the tenant or occupier to the owner.

The municipality may recover the amount due for rates from an agent of the owner after it has given written notice to that agent or person. The amount the municipality may recover from the agent or other person is limited to the amount of that rent received by the agent or person, less the commission due to that agent or person. (subject to the Estate Agents Act, 1976 (Act No. 112 of 1976). The agent or other person must, on request by the municipality, furnish the municipality with a written statement specifying all payments for rent on the property received by that agent or person during a period determined by the municipality. If the managing agent is identified through the tenant's assistance, a copy of the notice, which was served on the tenant, must be served on the agent stating that failure to co-operate would lead to action being taken against the agent as well as the termination of the services at the supply address. Should the payments by the agent not be able to redeem the arrears within the next 12 months, the monies must be attached and the next step in the debts management plan of the municipality implemented.

The municipality may however decide to extend the 12-month period to such longer period that they deem fit based on the merit.

Where the rates levied on a particular property have been incorrectly determined, whether because of an error or omission on the part of the municipality or false

information provided by the property owner concerned or a contravention of the rates payable shall be appropriately adjusted for the period extending from the date on which the error or omission is detected back to the date on which rates were first levied in terms of the current valuation roll.

In addition, where the error occurred because of false information provided by the property owner or as a result of a contravention of the permitted use of the property concerned, interest on the unpaid portion of the adjusted rates payable shall be levied at the maximum rate permitted by prevailing legislation.

(4) Supplementary Valuation Debits

In the event that a property has been transferred to a new owner and an Supplementary Valuation took place, the previous owner as well as the new owner will jointly and separately be held responsible for the settling the supplementary rates account.

(5) Ownership

Properties, which vest in the Municipality during developments, i.e. open spaces and roads should be transferred at the cost of the developer to the Municipality. Until such time, rates levied will be for the account of the developer.

(6) Clearance Certificate

Rates Clearance Certificates will be valid until 30 June of a financial year, if monies paid in full until such a date. However, should attorneys request to extend the certificate for 120 days beyond this date, and this extension of time surpasses the date of 30 June the full new year's rates or estimated rates become payable in full.

(i) All amounts that are due must be paid in full prior to the issuing of any clearance certificate in terms of Section 118, of the Systems Act; and

(ii) No interest shall be paid by the Municipality to the registered seller in respect of these payments which are deemed to be due.

(iii) The Municipality will not be responsible for the apportionment of rates and/or services due or paid in respect of any rates clearances and registrations

(7) Levying of rates on property in sectional title scheme

A rate on property, which is subject to a sectional title scheme, will be levied on the individual sectional title units in the scheme.

13. DIFFERENT RATING AND RATIOS

13.1 Different rating among the various property categories may be done by way of setting different cent amount in the rand for each property category and/or by way of reductions and rebates.

The Director of Financial Services will annually calculate the costs of these services and determine through a public participation process to which extent these services are used by the various categories of ratepayers. Inputs from representatives from the various categories of ratepayers must be considered and agreed upon. Different categories of properties may pay different rates in the rand based on the market value of their properties.

- 22.1 The municipality will give notice of all rates approved at the annual budget meeting at least 30 days prior to the date that the rates become effective. Accounts delivered after 30 days' notice will be based in the new rates.

22.2 A notice stating the purport of the municipality's resolution and the date on which the new rates become operational will be displayed by the municipality at places provided for that purpose.

23. FREQUENCY OF VALUATIONS

The municipality shall prepare a new valuation roll every 5 (five) years and a supplementary valuation roll annually.

24. GENERAL VALUATION AND PREPARATION OF VALUATION ROLLS

A municipality intending to levy a rate on property must cause a general valuation to be made of all properties in the municipality, and must prepare a valuation roll of all properties in terms of such valuation. All rateable properties in a municipal area must be valued during such general valuation, including all properties fully or partially excluded from rates in terms of Section 17 of the present Act. However, if the municipality does not intend to levy rates on its own property, on public service infrastructure owned by a municipal entity, on rights in properties, and on properties in respect of which it is impossible or unreasonably difficult to establish a market value because of legally insecure tenure resulting from past racial discrimination, the municipality is not obliged to value such properties as part of the valuation process.

25. DATE OF VALUATION

For the purposes of a general valuation a municipality must determine a date that may be not more than 12 months before the start of the financial year in which the valuation roll is to be first implemented.

The general valuation must reflect the market values of properties in accordance with market conditions which apply as at the date of the valuation, and in accordance with any other applicable provisions of the present Act.

26. COMMENCEMENT AND PERIOD OF VALIDITY OF VALUATION ROLLS

A valuation roll takes effect from the start of the financial year following completion of the public inspection period required by the present Act, and remains valid for that financial year or for one or more subsequent financial years, as the municipality may decide, but in total not for more than four financial years.

Section 32(2) provides for the extension of the period of validity of the valuation roll by the MEC for Local Government, but only up to a period of five financial years, and only in specified circumstances

27. GENERAL BASIS OF VALUATION

The market value of a property is the amount the property would have realised if sold on the date of valuation in the open market by a willing seller to a willing buyer.

28. VALUATION OF PROPERTY IN SECTIONAL TITLE SCHEMES

When valuing a property which is subject to a sectional title scheme, the valuer must determine the market value of each sectional title unit in the scheme.

29. SUPPLEMENTARY VALUATIONS

A municipality must regularly, but at least once a year, update its valuation roll by causing a supplementary valuation roll to be prepared, or the valuation roll itself to be amended.

30. REGULAR REVIEW OF RATES POLICY

The rates policy must be reviewed on an annual basis during the Budget period to ensure that it complies with the Municipality's strategic objectives and with legislation.

31. SHORT TITLE

This policy is the Property Rates Policy of the Swellendam Municipality.
